JOB TITLE: Construction Laborer, Carpenter & Steel Erector

Primary Responsibilities:

- Represent the company in a professional manner at all times
- Exhibit excellent general construction skills, using hand and power tools to perform a variety of assigned tasks
- Safe use of construction equipment, including telehandlers, aerial lifts, and scissor lifts
- Accurately place and install various building systems and components, including insulations systems, metal building systems, doors, windows, roof systems, and building trims and accessories
- Work schedule: 40+ hours per week as needed

Required Skills:

- Exhibit the ability to accurately read and interpret blueprints, shop drawings, and installation manuals
- Dependable and self-motivated, with a strong work ethic and a desire to constantly demonstrate quality workmanship
- Awareness of personal safety, the safety of others, and strict adherence to company safety programs and OSHA/MSHA rules
- Ability to work at heights and under adverse field conditions
- Ability to understand and follow both written and oral instructions and effectively communicate with others
